MOCKUP REVIEW NOTES
- Image overlapping text looks nice
- Mockup B music and games section is good (hover state)
- Consistency of mockup A is good (center-align)
- Mockup A mobile navigation bar at the bottom is very cute
- Could try to make the page header sideways (like mockup b song section) and make it overlap images for other pages
- Add either sources section or add source link to the footer?
- Popular songs (change to 6)
    - "Melt" by supercell
    - "Rolling girl" by wowaka
    - "Senbonzakura" by kurousa-p

    - "Sand planet" by hachi
    - "Love me, love me, love me" by kikuo

    - Hatsune miku: colorful stage!
- Simplifying the 2nd paragraph for "about" section: 初(hatsu)=first, 音(ne)=sound, ミク(miku)=future
