CONTENT OUTLINE

Project Title: Hatsune Miku

I will be building this website with separate sections for the list below. A significant amount of the content will revolve around Miku-based products, such as music and games, and may be separated into subsections for organization.

- **Homepage:** introduces Miku, very briefly talk about who she is and her visual design.
- **Background:** talks about how Miku was created and the impact she has had on the internet, as well as the importance of the fanbase when it comes to generating content.
- **Media:** covers the various kinds of media and products made based off of Miku and the Vocaloid franchise in general, as well as significant collaborations including Miku.
- **Sources**
